

This scale has eight notes (most scales only have seven). See Special Cases (page 30).

Scale: $b2$, $\#2$, $\#4$, $b7$

Pattern – The patterns are truly amazing; this pattern is every fourth note. Don't forget to come back down!

Arpeggio – Dominant seventh flat nine chords and diminished chords don't fully arpeggiate in 3rds like other chords; adjustments must be made—an occasional 4th is needed.

Improvising
